2. All terms and conditions imposed on the Government of the Federated States of Micronesia shall apply to Sub-Grantees.

3. The President of the Federated States of Micronesia, acting on behalf of the national, state and local governments of the Federated States of Micronesia, shall be responsible for all certifications to the Government of the United States pursuant to this Agreement.

(a) General terms and conditions of the sector Grants shall include conformance to the plans, strategies, budgets, project specifications, architectural and engineering specifications, performance standards, and other criteria developed by the Government of the Federated States of Micronesia and concurred with by the Committee.

(b) After consultation with the Government of the Federated States of Micronesia, the Government of the United States may recommend that the Committee attach certain terms and conditions to an annual allocation to assist the Government of the Federated States of Micronesia to achieve the goals of the sector Grant.

(c) Other special conditions or restrictions may be required by the Government of the United States during the course of the Grant year if it determines that the Government of the Federated States of Micronesia or a Sub-Grantee has a history of unsatisfactory performance, is not financially stable, has not conformed to terms and conditions of previous awards, or is otherwise not responsible. Special conditions or restrictions may include:

- (1) Payment on a reimbursement basis;

- (2) Withholding authority to proceed to the next phase of the Grant until receipt of evidence of acceptable performance within a given period;
  - (3) Requiring additional, more frequent and/or detailed financial reports;

- (1) Nature of the special conditions or restrictions;
  - (2) Reasons for imposing them;
  - (3) Corrective actions which must be taken before they will be removed and the time allowed for completing the corrective actions; and,
  - (4) Method of requesting reconsideration of the conditions and restrictions imposed.
- (e) If the explanation from the Government of the United States or any subsequent discussion between the Government of the United States and the Government of the Federated States of Micronesia is disputed, the Government of the Federated States of Micronesia may submit an Appeal in writing to the Implementing Agency of the Government of the United States. This Appeal must be initiated within 30 days of the receipt of a sector Grant award or a notification of intent to impose special conditions. In such case, the Appeal for reconsideration will be handled in accordance with established administrative procedures of the Implementing Agency.

5. Payment Procedures:

- (a) Establishment of Account. The Government of the Federated States of Micronesia shall establish an account with a bank or commercial financial institution organized in accordance with the laws of the United States or a State of the United States; or, subject to the approval of the Government of the United States, a bank or commercial financial institution in accordance with the laws of the Federated States of Micronesia, in either case for the purpose of receiving payments of Grant funds pursuant to the Compact, as amended, and this Agreement. The Government of the Federated

States of Micronesia shall provide the Government of the United States with wiring instructions with respect to such account.

(b) Advance Payment. In general, payments for Operational Grants under the Compact, as amended, shall be made monthly, as set forth below, in advance. The amounts of the payments will match the percentage of the Fiscal Year to be completed during the advance period, or may be based on an outlay analysis performed by the Government of the Federated States of Micronesia and concurred with by the Government of the United States.

- (1) Periodic Payments. The first payment of each Fiscal Year for Operational Grants will be sufficient to fund financial requirements for the first two months of each Fiscal Year. All other payments will be made on or about the first Business Day of each month (except that no payment shall be made on the second month of each Fiscal Year) to fund financial requirements of that month.
- (2) Operational Reserve Account. The Government of the Federated States of Micronesia shall establish an interest-bearing account that complies with the terms and conditions of this clause (2) (the "Operational Reserve Account"). The Operational Reserve Account shall be established at a financial institution that complies with the requirements of Article IV, section 5(a). On or about the date on which the first payment in respect of Operational Grants is made during each Fiscal Year, the Government of the United States shall deposit into the Operational Reserve Account an amount equal to one-fifty-second ( $1/52$ ) of the aggregate amount of funds in respect of Operational Grants that will be payable to the Government of the Federated States of Micronesia during such Fiscal Year. The amount deposited into the Operational Reserve Account during any Fiscal Year shall be credited toward the final payment in respect of Operational Grants during such Fiscal Year. Provided that all conditions to the obligation of the Government of the United States to make payments in respect of Grants have been satisfied and the Government of the United States is not entitled to effect a Withholding or Suspension, the principal balance of the Operational Reserve Account (which, for the avoidance of doubt, shall not include any interest or other earnings paid or accrued with respect to the Operational Reserve Account) as of the date of the final payment in respect of Operational Grants during any Fiscal Year shall be released to the Government of the Federated States of Micronesia as part of such final payment. Interest, and other earnings on the Operational Reserve Account shall be paid to the Government of the United States promptly from time to time when earned. Except as set forth above, funds on deposit from time to time in the Operational Reserve Account shall be used solely to cover unanticipated delays of payments from the Government of the United States of funds in respect of Grants, provided that the

Government of the United States shall approve any such use of funds in the Operational Reserve Account (which approval shall not be unreasonably withheld). In the event that any amount of funds from the Operational Reserve Account is used in accordance with the immediately preceding sentence, then such amount shall be deducted from the next payment from the Government of the United States of funds in respect of Grants and the amount so deducted shall be deposited into the Operational Reserve Account. Notwithstanding any other provision of this Agreement, the Government of the United States shall be entitled to withdraw all amounts on deposit in the Operational Reserve Account at any time that the Government of the United States is entitled to effect a Withholding or Suspension. The Government of the Federated States of Micronesia and the Government of the United States shall review the continued need for the Operational Reserve Account from time to time, and may discontinue its use upon mutual consent.

- (3) Advances for Accrued Expenditures. All infrastructure projects and projects that are not funded by Operational Grants will be paid on the basis of Accrued Expenditures, provided the Government of the Federated States of Micronesia maintains procedures to minimize the time elapsing between transfer of funds and their disbursement.

(c) Breach of Terms and Conditions:

- (1) Withholding of Payments. The Government of the United States may withhold payments, including reimbursement payments, with respect to any Grant if the Government of the Federated States of Micronesia is in breach of any of the terms and conditions of Title Two of the Compact, as amended, or this Agreement with respect to such Grant, fails to comply with any award condition with respect to such Grant, or is indebted to the Government of the United States with respect to such Grant. The amount of the withholding shall be proportional to the breach of the term or condition. If the Government of the Federated States of Micronesia disputes the withholding of payments with respect to a Grant, it may submit an Appeal in writing to the Implementing Agency of the Government of the United States. That Appeal must be initiated within 30 days of the receipt of notice of withholding of payment. In such case, the Appeal for reconsideration must be handled in accordance with established administrative procedures of the Implementing Agency. Cash withheld for failure to comply with Grant terms shall be released upon subsequent compliance, provided that such Grant has not been revoked pursuant to any applicable Appeal or dispute resolution proceeding.

- (2) Suspension. Notwithstanding any other provision of this Agreement, the Government of the United States may suspend payment with respect to any or all sectors in the event that the Government of the United States reasonably determines that the Government of the Federated States of Micronesia has engaged in a pattern of gross negligence, willful misconduct or material breach of terms and conditions with respect to the use of financial assistance provided under the Compact, as amended, provided that such determination is made on a sector by sector basis. If the Government of the Federated States of Micronesia disputes the Suspension of Grant assistance under this sub-paragraph, it may seek to resolve the matter through the conference and dispute resolution procedures set forth in Article II of Title Four of the Compact, as amended. The Suspension of payment shall stand unless otherwise determined through the conference and dispute resolution process described in Article II of Title Four of the Compact, as amended.
